

Prophetic Word to a People

August 21 2020

Look how quickly the LORD comes on a cloud.
And the hearts of this people shall melt. I will
stir up American against American, brother
against brother, neighbor against neighbor and
city against city and kingdom against kingdom
says the LORD.

The heart of this People shall fail as I bring their plans to nothing. The waters will fail, the seeded field shall be dry: blown away by the east wind; the wage earner will be in despair.

Look America, where are your wise men now?
Let them show and make known what I have
planned against you says the LORD.

See now I have mingled a perverse spirit in the midst of your Nation that causes you to err in your ways.

Here the Word of the LORD O My People:
Come out from the midst these people lest
you partake of her judgements says the
LORD.
