

Prophetic Word - The Long Journey

August 31 2020

My son hear this parable:

A certain man went on a long journey. He took nothing with him but a single overnight bag. As he contemplated the delay of his journey he decided to look for supplies.

Upon looking and turning around he saw that there were none. He then thought I will go back to my overnight bag and look again but the bag was gone. It was no more.

Hear now O Nation of People.

I have removed your supply of bread. I have removed your supply in the overnight bag.

Behold I replace this with lack and a longing and a desire for more but there will be none. I will cause my east wind to blow upon your land to dry up the herb and vegetation. I will turn your rivers into bitter waters.

 For thus says the LORD this is My warning.
