

Prophetic Word to a Nation of People

August 22 2020

My son, your Nation is the epitome of Nations. Never before in History has my Grace been so abundant upon a Nation of People. Therefore her judgments will also be great upon her. So severe they will be they must be cut short for my elect sake.

- *See now I have warned and I have pleaded.
Judge between Me and your Country.*
- *Is there anything else I might have done
which I have not?*

Behold my calamities and My judgements are upon you America.

To where will you run from me O Nation of People.

 Behold I come Quickly and Reward is with me says the LORD
