

**Prophetic Word The spoiler and the plunder**

**August 27 2020**

**Write this vision O Man.**

**Here is My pride of Nations brought low,  
humbled and cast away from My sight.**

- How I grieve for my people who once carried the LAMP. But now the light is gone.
- How I grieve for a Nation that once carried My Name in battle but now carry the pride of life.
- How I grieve for a people that do not know Me.

The time has come for Me to display My Power to this people. My Glory I will not share with another says the LORD.
