

**Prophetic Words - There is a woman in the  
Ephah**

**December 17 2020**

And behold the leaden cover was lifted and there was a woman sitting in the Ephah-like vessel.

And He said this is wickedness.

And he thrust her back into the ephah and put the weight of lead on the mouth of it.

Then two women came forward with the wind in their wings and carried the ephah to the land of Shinar to build it a house.

And when it is finished the symbol of sinners and their guilt will be set there upon its own base.

I repeat:

when the leaden cover was lifted there was a  
women sitting in the ephah.

US election changed.
