

Prophetic Word - The Threshing of Wheat

February 10 2021

The LORD would say; before calamity strikes can be resolved; there will be another and another and will continue in a like manner. That's my perfect justice on an unrepentant Nation says the LORD.

- The Lord calls for wailing and lamenting for his judgment has come
- Behold the days of sorrow

The Lord says the time has come for judgment to begin at the house of God.

- Tabernacle
- House
- Purging
- Threshing Wheat
- Leaven
- Year of release

The LORD is showing me and teaching me to observe how closely the voice of the enemy resembles his voice; almost indistinguishable except by the Spirit of the LORD. He says that's why it is so important that my people develop a close relationship with Me.

If you do not hear God's voice very clearly you will be facing many challenges. Take note of it: the Scriptures warn the believer:

Life was imparted to the image so that it could speak. Thus, deception by voice will be the demise of many.

Next the LORD would speak as follows:

When that thing begins to speak; self-righteous and pious is that King. He knew not I departed until the Kingdom fell. He held out the scepter but all could tell there was no power for him to dwell. Gone from heaven; the light is quenched see where he abides down in a tent.
