

**Prophetic Word -**

**February 16 2021**

I see a wheel being spun like a wheel on that show called wheel of fortune. It stops on the number 85

Thus says the LORD, here is the smelting furnace before you. How will you escape, to where will you run.

Is this not the season for disasters one upon another

Once a liberty is removed from this people it will not be restored back says the LORD.

- Justice
- Freedom

See how I smite the city of Pittsburgh; have they  
not denied My Name; is this not My perfect  
Justice says the LORD

## The LORD would speak as follows

Seed time and harvest I redeem. The earth and its produce it can't be seen. I hand them judgments; perfect justice now I turn and release these three. Look above and look beneath here it comes from the east. Many will doubt My hand about but know for sure I judge you now.

- Thunderstorm
- Downpour
- Dangerous

I see in a vision that it's a lake or maybe its just a pond of water. But there it is some water there. The vegetation don't look green and vibrant but brown. All of a sudden something strikes the water and it dried up. Now there is just dirt there where there was previously water. I don't know what struck the water but it was something.

**Pertains to Jordan**

**Stealth in plain site; hidden in plain sight says  
the LORD;**

**No testimony**

**No limits**

I am seeing the sun starting in the midday position like right overhead. It like a high noon position and then it starts it descent downward but not in straight fixed pattern as usual but downward in a strange erratic non-conforming descent. I don't think we have a full days' worth of sun.

# Hour of Trial Words of Knowledge

- Another sign

- I am seeing two black horses running. They are very dark. I see them against the night time darkness. They are very dark.
- The beast; behold the beast
- Monitoring your whereabouts very soon

***Addendum following***

When he LORD says *this December* “this thing”  
or “that thing”

it means “the” December in which “this  
thing” or “that thing occurs”

When the LORD says in November such and such will happen

it means in “the” November that “such and such occurs”

When the LORD says this is the last election and this King will come down.

That means when you see this King come down then no more elections.
