The Times of the LORD NOW at hand

329 its 9 at night; 159 its 909.

Noon is the time darkness pervades; It settles
at 3.

3 moons shall pass and light shall reveal my hand
- says the Lord.

- ❑ 329 — into the midst shall be a living creature with strange fire
- ❑ 9 — a proper name location for a grassy meadow
- ❑ 3 — abaddon
- ❑ 159 — the one that causes this thing
- ❑ 909 — is so that one is to be purified

This is the year My Father demands Holiness; a Holy conduct; a Holy conversation; vanity should be avoided; precepts of Holiness should be studied. [Video Holiness]

Put the scarlet thread in the window for I delay
no longer says the LORD. Thus it shall be for
your safety. [Video Scarlet Thread]

- Stars begin to move about in the heavens
- Lights begin to flicker
- Demonic realm becoming visible
- Drink from the cup says the Lord; dregs are next

The Lord says for those who have made a covenant with him you will need to look to that Covenant for help

The Lord says the veil is to be lifted, then
destruction.

Listen to the sounds of these songs I hear. I
hear wailing in the streets of your cities Are
these not songs of lamentation and weeping?

*Here is Love as Grace comes to an end; My
father still extends forth His Hands.*
