

Prophetic Word - Get Tobia out of My House

January 11 2021

During Nehemiah's time Eliashib was the High Priest appointed as supervisor over the store rooms of the House of God. The store rooms contained the articles belonging to God such as the frankincense, the oil, the vessels and including the tithes that belonged to the Levites.

The thing about Eliashib was that through marriage, he was allied with Tobiah who was an enemy of the Jews.

Being high Priest, he moved the articles of God out of the store rooms and made Tobiah a place right up in the house of God.

So the enemy was right up in the house of God and nobody said anything about it.

So there was an abomination right in the midst of the temple that is; until Nehemiah found out.

The Lord says leave the altar intact but get Tobiah out of there !

This year, the LORD will bring down and drive out those who have a room built in the storehouse house of God, those who have eaten of the Showbread in an unworthy manner.

This year the LORD deals with the cattle both fat and lean as well as the sheep and goats.

The shaking has begun beginning in My House says the LORD.
