## Vision - January 24th

The Lord says to me to pay close attention to what I see here. I am looking very intently and it's the moon I see but the moon is moving in a **circular fashion** up in the expanse above the earth. It no longer or does not have a course moving from east and then west. That Moon has no known celestial course to follow.

## Vision - January 24th

It actually goes up in the sky overhead and just moves around in a **circular pattern** It never really sets in a particular direction. See How I move aside the laws of Nature say the LORD. Look how there is no grass says the LORD.
