## Night Vision

I am walking through this huge building. It's an airport. I don't exactly know the way out but as I proceed from the Lower level and turn down a long corridor and at the end of the corridor there is a prison. *These people are being held in an airport under confinement and guard.* It's an airport where this is located. The prison is below the main floor area like in the below ground level.

## Vision

I am looking at the sun in the expanse of the sky. It's a high noon position and then it goes dark like it went behind something dark. Its hidden. The scene instantly changes and I see the moon at high noon position then it disappears. Again the scene changes and I see massive amounts of stars just falling everywhere the entire heavens are filled with all these shooting stars raining downward. The vision then ends.

## Mark 13.24-25

But in those days, after that tribulation the sun shall be darkened, and the moon shall not give her light, And the stars of heaven shall fall, and the powers that are in heaven shall be shaken.
