**Monitor your utterances**

Listen carefully. God gave me a riddle to solve.  
Here it is. 3313150. Let me repeat. 3313150.

Now this riddle is almost like the writing on the wall that was written by the Fingers of a man's hand that appeared that day of the feast of Belshazzar. He saw part of the hand that wrote; then being in fear called the astrologers and wise men but they could not make known the interpretation.

Now listen closely to what the LORD says. For this is the interpretation.

Be careful to the content of your words. Take heed to what is being spoken; the words that leave your tongue. For the LORD says idle discussions; meaningless talk contains the oath of a curse. Put your tongue in check says the LORD. Begin to monitor your utterances says the LORD.

Do not give heed to those things from of old that minister questions rather than edifying your Faith says the LORD.

Begin to monitor your utterances says the LORD.

## Listen to this Parable

Winds from the south; Winds from the east. Which one strikes from the east? My Servant foretold it comes from the east. The Winds of change My Son directs saying to the Winds to direct.

My Prophets foretold of the Winds and now who can say which Wind will direct to the East?

The word of knowledge to search out with that is

☐ The Four Winds stand ready to smite.

Here is a saying to those standing  
by the way

Stand by the way with reason and doubt; thinking in  
your heart I am about. I have called; I have spoken,  
My Servants foretold of leaven from heaven. You  
have eaten much and told not to touch. Now will you  
come by My side?

The word of knowledge to search out with that is

☐ put oil in your lamp says the LORD
