

Prophetic Word - defeat, defeat, defeat

October 29 2020

No longer say December, December, December;
but shout war, war, war, defeat, defeat, defeat !
I have put fear in the young men and women shall
lead them. And when the women fail I appoint
children over them sayith the LORD

*Cover your eyes and live in darkness if you must,
for the LORD has closed your eyes and put a veil on
your heads to stain the pride of all glory.*

The LORD has raise His Hand over the sea and given the command against the Merchant City to destroy her strongholds.
