

# Prophetic Word September 15 2021

Drought

**March,**

***I am seeing the month March as a significant in  
God's timeline.***

I see a person sitting on an airplane; next I see their hands in front of them; they are tied; yes they are tied together

☐ Changes to the airline industry

Jan 25 of this year the LORD spoke saying

Challenges for the transportation and Airline industry

For this land shall lie in anguish; mourning and lamenting shall not cease; only the cry of the righteous shall be heard. For I provide a time of judgment and will not hear the cry of the wicked and behold the season I have spoken about says the LORD

- Change is coming to this landscape
- Monroeville

Now how will you come before me and present an offering which I have not required for there is an aroma that rises from the sacrifice which is a stench in my nostrils. Where is the wise man and skilled artisan? Do you not know I search the hearts and minds and try the reins of the heart. Have you withdrawn into hiding O man behold my destroyers as they search you out.

**Behold I work a work in your day.**

**CHANGES to the seasons; CHANGES to the times of the seasons**

**The foundations of the earth are out of course**

## A Riddle

Changes in time changes in seasons here in the fall the  
seasons end; I change the times to My Father's command  
that henceforth there be no reason for delay no longer;

- Trouble this winter
- Reconcile your matters for these reasons
- Forbearance ended
- Justice prevails
- Underneath heaven on all who dwell

November 9, 2020

Smite the land O destroyer; smite the crops,  
smite the water, smite the bread,  
smite and smite O destroyer. Warn My People,  
Warn My People says the LORD.

# Now I turn to what the LORD says regarding Famine

- Jan 11 Famine appointed No more surplus
- Jan 24 2021 Food shortages
- Jan 28 2021 I see a matrix. It's like a big spreadsheet with decisions probabilities and outcomes. Grain futures falling

Now I turn to what the LORD says regarding Famine

Feb 3 2021

See how I move across the globe with a famine says the LORD; I remove the supply of bread; I dry up the lakes. Is this not the season I have spoken about: Behold the days of sorrow

February 22 2021

See How I smite with the elements as I move across this Nation in my anger and my righteous indignation. Who controls the weather? Who says to the south wind move forward? Do you know who says to the east wind move aside?

February 22 2021

I the LORD do these things. Shall I not blow across this land in my anger and smite the crops says the LORD.

Farm Foreclosures

Harmful rain

Crops die

**closing**
