

**Prophetic Word - danger on the high seas**

**September 14 2020**

My son there is danger on the high seas.

My son your country can no longer sail the high seas with impunity. I have removed their protection.

*As I removed and departed from King Saul so I have from your Nation and they do not know. I cry danger, danger, danger to the crew but they will not heed.*

As Saul tried to hold on to power so will this  
Nation. But I have departed says the LORD. I will  
now take My Honor and avenge My enemies says  
the LORD

Her days shall not be prolonged
