September 18 2020

First Fruits offering. What's about to happen is huge; so huge the earth shakes. The continents begin to break apart and shift.

The answer to naysayer riddle.

The Lord will break the supply of bread in one day:

After the continental shifts a remapping takes place and a re-naming of continents: Peleg:

The sun will begin to withdraw its light and the moon will hesitate to run her course.

The laws of nature will be interrupted. Lights will be visible at night: darkness will overcast day.

See how I confound the wise and make their plans foolish says the LORD.
