Vision of the Image - March 9th

I am seeing what appears to be a key hole. It's the escutcheon plate on the door where the knob and key are located. Its an old key hole like for a skeleton key. I somehow see what's in the room behind the door without it opening.

It's a man sitting in chair facing away from me. Is very dark in the room but the man is darker than the darkness. It someone sitting in a chair. I could clearly see the bones like the skeleton of the person like looking at a live real time ex-ray. What I notice are the joints of the person:

The wrist, the elbow and knee joints other joints in the body are connected together with metal that lights up. It aluminates as light Its like this man is part human or bionic or something.

Rev.13.15

And he had power to give life unto the image of the beast, that the image of the beast Should both speak and cause that as many as would not worship the image of the beast should be killed

Listen to the LORD speak here:

Though they speak the parables of My Father as they run from here and go to there The days draw short, the sun moves aside; Behold My People become My bride; For today I say those with Me shall run with shouts and praise with glee; unto the west and unto the east; watch these two come with ease.
